**NORTH DAKOTA LEGISLATIVE SPORTSMEN’S CAUCUS**

Established in 2013, the North Dakota Legislative Sportsmen’s Caucus is a member of the National Assembly of Sportsmen’s Caucuses (NASC). Since that time, the Caucus has championed legislation that benefits North Dakota’s sportsmen and women, as well as the Peace Garden State’s natural resources. In addition, the Caucus has played a central role in assisting CSF with generating support from the North Dakota Congressional delegation on important federal legislation that benefits our natural resources and our outdoor heritage in North Dakota and across the nation.

Guided by bipartisan leadership, the Caucus remains engaged on issues that affect the nation’s original conservationists by protecting and advancing hunting, angling, recreational shooting, and trapping within the Peace Garden State. For more information on the Caucus, visit the Congressional Sportsmen’s Foundation’s website at https://congressionalsportsmen.org/state/nd.

---

**Policy Highlights**

- 2021 - HB 1218 allowed non-resident landowners who enroll their land in the PLOTS program to pheasant hunt during the first seven days of the season if it is on the land enrolled in the PLOTS program.
- 2021 - SB 2036 continued the 2019-20 interim study of access to public and private lands for hunting, trapping, fishing, and related issues. The study must include an evaluation of the electronic land access database and application developed during the 2019-20 interim and expansion of the database and application to all counties in the state.
- The North Dakota Legislative Sportsmen’s Caucus has worked on the trespass laws over the last several sessions working hard to strike a balance of landowner rights and public access to state-owned resources.

---

**Economic Impact and Conservation Funding**

- The Peace Garden State’s 116,000 hunters and anglers spend $222 million and support 3,464 jobs annually while generating $28 million in state and local taxes.
- In 2020, North Dakota’s sportsmen and women generated $27.41 million through the American System of Conservation Funding to support conservation efforts in the state.
