Established in 2005, the Oklahoma Legislative Sportsmen’s Caucus is a member of the National Assembly of Sportsmen's Caucuses (NASC). Since that time, the Caucus has championed legislation that benefits Oklahoma’s sportsmen and women, as well as the Sooner State’s natural resources. In addition, the Caucus has played a central role in assisting CSF with generating support from the Oklahoma Congressional delegation on important federal legislation that benefits our natural resources and our outdoor heritage in Oklahoma and across the nation.

Guided by bipartisan leadership, the Caucus remains engaged on issues that affect the nation’s original conservationists by protecting and advancing hunting, angling, recreational shooting, and trapping within the Sooner State. For more information on the Caucus, visit the Congressional Sportsmen’s Foundation’s website at https://congressionalsportsmen.org/state/ok.

Policy Highlights

- 2021 - The Oklahoma Legislative Sportsmen's Caucus sponsored SCR 5 which encouraged Oklahoma’s public school districts to incorporate Hunter Education into their middle of high school curriculums. SCR 5 was adopted unanimously in both chambers.
- The Oklahoma Legislative Sportsmen’s Caucus routinely works to support the conservation efforts of the Oklahoma Department of Wildlife Conservation and to defeat efforts that would jeopardize opportunities for sportsmen and women. This includes numerous bills that sought to limit the rights of Missouri residents to own and possess firearms.

Economic Impact and Conservation Funding

- The Sooner State’s 779,000 hunters and anglers annually spend $1.5 billion and support 23,432 jobs annually while generating more than $143 million in state and local taxes.
- In 2020, Oklahoma’s sportsmen and women generated $42.37 million through the American System of Conservation Funding to support conservation efforts in the state.
