If the \$76 billion that sportsmen spend on hunting and fishing were the Gross Domestic Product of a country, sportsmen as a nation would rank 57 out of 181 countries.

Sportsmen 34 million	\$76 billion	1.6 million	\$60 billion	\$25.6 billion

The majority of all sportsmen consider themselves "likely voters" and 8 in 10 say that a candidate's position on sportsmen's issues is important in determining for whom they will vote.

If all hunters and anglers living in Nebraska voted in the 2004 presidential election, they would have equaled 41% of the entire vote.

1 out of 6 residents hunt or fish.
